1. The following is an examiner's statement of reasons for allowance: upon further consideration the closest prior art to Andrews fails in accordance with the declaration of Hall to teach chain stitching and in a unilayer. In accordance with the Hall declaration Andrews is seen to teach warp knitting as evidenced by the narrow band 202 shown for instance in Figure 2, negating the use of chain stitching and a unilayer. Weil in employing warp knitting likewise in accordance with the Hall declaration would fail to teach a unilayer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Per the interview of April 12, 2004 applicant maintained that the Hall declaration clearly established Andrews as relying on warp knitting even though neither warp nor weft knitting was expressly disclosed in the reference. Further, applicant advanced that even though Andrews disclosed the use of conventional knitting machines in forming the fabric, applicant's invention did not rely on such machines but on the unconventional use of a single controlled needle as detailed in the claims. It was agreed that the Hall declaration would be further considered.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Rodney M. Lindsey whose telephone number is (703) 305-7818. The examiner can normally be reached on M-F (8:30-5:00).
